

An aerial photograph of a residential neighborhood, likely in a snowy or winter environment. The map is overlaid with a grid of red lines representing property boundaries. Each property is labeled with a unique address number, often preceded by a colon (e.g., :1162, :1163, :1164). The addresses are distributed across the grid, with some properties having multiple labels or additional information in parentheses. A blue line runs along the top and right edges of the main residential area, possibly indicating a street or a boundary. The overall layout shows a dense arrangement of houses and buildings, with some larger structures and more open spaces interspersed. The map is oriented with the top of the image towards the upper left, and the bottom towards the lower right. The text '77-17-0130303' is visible in the upper right quadrant of the map.
